on Saturday afternoon the strong Stonington eleven will invade the Academy campus.

In preparation for this strenuous week end Coach Overbagh has given the boys a thorough drill and workout every day this week with plenty of scrimage with the scrubs.

The Academy met Westerly earlier in the season on the campus and found no trouble in crushing their attack and succeeded in rolling up 19 points to their credit, but reports from the Rhode Island town state that the fighting spirit of Westerly will offset the "beefy" N. F. A. boys. Of late the Westerly school has been represented by weak teams, but the one this season is supposed to be somewhat stronger. Though light they are quite speedy and fast.

Coach Overbagh announced Thursday night that the following players will make the Westerly trip:

Ends, Captain O'Hearn and Mulkins; tackles, MacMillan, J. Wilcox and Willey; guards, Mullen, C. Wilcox and Fastward; center Jackson; quarterback, J. Hull' backs, W. Stanley, Holmes, H. Hull.

During the past week Coach Overbagh has been paying much attention to creating better and stronger interference which proved to be a big fault in the game last Saturday against the Greeneville eleven as time after time the Academy's weak interference was easily brushed aside.

One noticeable fact about the red and white eleven at least so far this season is that they have falled to dis-play any trick plays or shifts that in ormer years won many games. The practice on the campus Thurs-

day afternoon was devoted mostly to signal practice and Coach Overbagh was assisted by Dr. Bunnell. The Scrubs and a local team called the West Ends played a game aft-ed the first team practice and the N. F. A. Scrubs pulled out a 12 too vic-

DECLINES IN WAR STOCKS. Caused by Fall of the French Ministry and Vague Rumors of Peace.

New York, Oct. 28.—Foreign affairs asserted some of their former prominence today, the fall of the French ministry being attended by further vague rul lors and consequent severe declines in many of the so-called war stocks. Refusal of the British govern-ment to extend the time for submitting proofs of American purchases of German goods offered another phase of the complicated conditions across the
